

Dr. Akash Thakkar

- Date of Birth: 06th Oct, 1998
- A/3, Siddhi Setu Appartment, New Vikashgruh Road, Paldi Ahmedabad-380007
- akashthakkar.61098@gmail.com
- +91 8511389202
- Nationality: Indian
- Languages known: English, Hindi & Gujarati

OBJECTIVE

Looking for opportunities where I can obtain new experience and develop my abilities while utilize my knowledge in contributing to the organization's growth.

STRENGTHS

- A quick learner with 'Can Do' attitude.
- Good in designing a session by which learner can grasp the topic easily.
- Excellent understanding of programming languages.

AREA OF INTEREST

- Applied Mathematics
- Cryptography
- Blockchain Technology

COMPUTER SKILLS

- Python Programming
- R Programming
- MS Office
- Management Scientist
- LaTeX

HOBBIES

- Cricket
- Music
- Photography

EDUCATION QUALIFICATIONS

Ph.D. (Applied Mathematical Science) | May 2024

Ph.D. Thesis Title: "A study on Cryptographic Algorithms and Mathematical Transformations to improve security of communication"

Department of Applied Mathematical Science, Actuarial Science and Analytics

School of Emerging Science and Technology
Gujarat University

M.Sc. (Mathematics)
Department of Mathematics
Gujarat University

8.23 CGPA | 2018-2020

B.Sc. (Mathematics)
Bhavan's Sheth R. A. College of Science
Gujarat University

8.27 CGPA | 2015-2018

HSC
Prakash High School
Gujrat Secondary and Higher Secondary Education Board

61% | 2015

SSC
Prakash High School
Gujrat Secondary Education Board

68% | 2013

ACHIEVEMENTS

- **Gujarat State Eligibility Test (GSET-2021) (Mathematical Science) Qualified**
- **University Gold Medalist (B.Sc. Mathematics)**
- **University 3rd Ranker (M.Sc. Mathematics)**

EXPERIENCE

Assistant Professor **April 2024 - Present**
Silver Oak College of Computer Application,
Silver Oak University, Ahmedabad

Visiting Faculty **Jan 2020 - March 2024**
School of Emerging Science and Technology,
Gujarat University, Ahmedabad
Subject taught in the domain of AI&ML, Data Science and Applied Mathematical Science:

- Cryptography
- Python Programming
- Machine Learning Algorithms
- Data Visualization
- Operations Research
- Applied Algebra
- Mathematical Methods
- Discrete Mathematics
- Differential Equations
- Basics of Statistics

PROJECT WORK (M.SC.)

Study on Donchian Channel and RSI indicators

Using these indicators with Fundamental factors determine appropriate stocks with their buying and selling signals.

CERTIFICATED COURSES

- **Programming for everybody (Getting Started with Python)**
Online course - University of Michigan | 2020
- **Introduction to Python**
Online course - Coursera Project Network | 2020
- **Data Science Math Skills**
Online course - Duke University | 2020
- **Introduction to Data Science in Python**
Online course - University of Michigan | 2020
- **Python Data Structures**
Online course - University of Michigan | 2020
- **Mathematics for Machine Learning: Linear Algebra**
Online course - University of Michigan | 2020

PAPERS PUBLISHED

- Thakkar A. and Gor R. (2021), "A Review paper on Cryptographic Algorithms and Mathematical Transformations", Proceeding of International Conference on Mathematical Modelling and Simulation in Physical Sciences (MMSPS-2021), Excellent Publishers, ISBN: 978-81-928100-1-0, pp. 324-331.
- Thakkar A. and Gor R. (2022), "Cryptographic method to enhance the Data Security using RSA algorithm and Kamal Transform", IOSR Journal of Computer Engineering (IOSR-JCE), 24(3), pp. 01-07.

- Thakkar A. and Gor R. (2023), "Cryptographic Method to Enhance the Data Security using ElGamal Algorithm and Sumudu Transform", International Journal for Research in Applied Science and Engineering Technology (IJRASET), 11(7), pp. 853-861.

CONFERENCES ATTENDED

- "Mathematics behind Donchian Channel" presented in National Conference on Mathematical Sciences, 28-29 December 2019
- "A Study on Technical Analysis by Donchian Channel - Relative Strength Index Indicators" presented in 34th Gujarat Science Congress, 8-9 February 2020
- "Valuation of stock using Fundamental and Technical Analysis" presented in Mathematics Excellence, 15 February 2020
- "A Review paper on Cryptographic Algorithms and Mathematical Transformations" presented in International Conference on Mathematical Modelling and Simulation in Physical Sciences, 17-18 April 2021
- "Cryptographic method using ElGamal algorithm and Kamal Transform" presented in Virtual International Conference on Emerging Trends in Applied Sciences, 28-29 October 2021
- "A new method for cryptography using RSA algorithm and Kamal Transform" presented in National Conference on Mathematical And Statistical Techniques in Engineering Research, 8-9 November 2021
- "Cryptographic method using RSA algorithm and Mellin Transform" presented in 9th International Conference and 25th Annual Conference of Gwalior Academy of Mathematical Sciences, 29 September -1 October 2022
- "Cryptographic methods: Some Algorithms and Transformations" presented in International Conference on Research Trends in Mathematical Sciences, 10-11 February 2023
- "Cryptographic method using RSA algorithm and Sumudu Transform" presented in National Conference on Applied Mathematical Sciences - ARYA, 25-26 March 2023

WORKSHOPS ATTENDED

- R Programming and LATEX Typesetting | 2021
- Hands-on Workshop on Machine Learning Methods for Image and Video Processing | 2021
- One Week STTP ON EMERGING trends in DATA analysis IN MS EXCEL | 2021
- Basic Cryptography | 2021
- Steganography - An Art of Hidden Communication | 2021
- Mathematical Modeling and Analysis | 2021
- Supply Chain Management & Systems | 2022
- Mathematical Methods in Science and Engineering | 2022
- Machine Learning & Deep Learning | 2022
- Data Analysis in R using STATCRAFT | 2022
- A Journey from Linear Algebra to Machine Learning | 2022
- Industry Applications of Machine Learning and Challenges | 2022
- Online Research FDP on SPSS-Discriminant Analysis | 2022
- Online Research FDP on SPSS-Cluster Analysis | 2022
- One Week STTP on Emerging Trends in Research Methodology | 2022
- From Mathmania to Cryptomania: How math is helping secure our digital future | 2023
